Humanity Connection

{Be Inspired by Humanity}

Humanity should be first nature to all of us, but unfortunately we live in a world where crisis exist because people make unhealthy decisions. If we as a people learn to love one another and be more compassionate toward our fellowman, the world would be more peaceful.

What is humanity? Humanity is the quality or state of being human and or humane. **What does it mean to be humane?** To be humane means to have compassion, sympathy, empathy, and or consideration for others. **Humanity is indeed a choice and humanity should be practiced with freewill.** No one should have to force you to be humane. However, learning creative ways to express humanity is encouraged. The cliché rule of thumb, do unto others as you would have them do unto you.

{Humanity Builds Positive Relationships}

Can humanity bring about world peace? Yes. World peace means everyone in existence globally is humane toward one another. Creating positive relationships advocates positive behavior. To have positive behavior means you are demonstrating loving actions. If mankind loved one another unconditionally world crisis would not exist. Loving unconditionally means loving without conditions or judgment. Humanity is an energy that ignites world peace.

World Peace

There are more positive people in the world than negative people and world peace is a force to be reckoned with. However, peace can be disturbed, if we as a people do not make peace with our fellowman. Take responsibility for your actions and react peacefully. Eliminate war with peace. War goes beyond armed states and nations. War is when you are in conflict or opposites with your fellowman verbally, physically, mentally, and or spiritually.

To be at peace means to a have a positive state of mind and freedom from disputes. Peace means the absence from mental stress and anxiety. **Be at peace with oneself and therefore, you can bring peace to the world.**

There are many ways you can stimulate peace—you can join or create peace rallies or form positive enlightenment groups.

{Make World Peace an Epidemic!}

World Crisis on The Rise

Everybody identify with crisis differently. Nonetheless, the majority of the crisis is caused by inhumanity. It does not matter what your color, culture, and or creed, you are affected by world crisis.

World Crisis comes in many forms: **Racism, Poverty, War, Disease, Crime, Prejudices, and Murder.** You have other crisis that stems from these problems, but primarily these seven acts of destruction catapults world crisis; which results to negative behavior and a negative outcome.

When you display Inhumanity it means you lack compassion for others. When you are inhumane you ignite hatred.

{Do not create problems create solutions.}

World crisis exist because of the destruction of man (mankind). **What does destruction mean?** Destruction means the act of destroying. **What does destroying mean?** Destroying means to damage. And that is what we do daily as a people—we destroy lives and disregard our fellowman and destruction is an act of inhumanity. **When you Rob, Kill, Rape, Beat, Disrespect, Abandon, Misuse, Abuse, Lie, Manipulate, Bully, and Ostracize (exclude) your neighbor (fellowman) you are exemplifying inhumanity.**

Take a moment and think about the various crises and destructive situations going on in the world today—the mass majority of the global crisis, the burden should be placed in the hands of man. Why? Because of the lack of love we have for ourselves and for our fellowman (mankind).

Poverty would not exist if, your fellowman was willing to let go of **Greed**. **War** would not exist if, mankind was willing to let go of **Power**. **Racism** would not exist if, mankind was willing to let go of **Control**. **Disease** would not exist if, mankind was willing to let go of **Hatred**. **Crime** would not exist if, mankind was willing to let go of **Jealousy**. **Prejudices** would not exist if, mankind was willing to let go of **Judgment**. **Murder** would not exist if, mankind was willing to let go of **Fear**.

Unfortunately, in today's world we have people that do cruel inhumane acts that affect all of us as a people. Inhumanity affects each and every one of us and it **does not** matter what's your ethnic background or where you come from...**You** are surrounded by **inhumanity** and **inhumanity is the deadliest virus in existence**. When you hear about murder, racism, poverty, war, disease, crime, and prejudices, how does it make **You** feel? Are you a problem starter or a solution giver? **Are you Humane or Inhumane?**

Everyone has experienced or knows someone who has experienced one or more of these inhumane acts—**Murder** is inhumane. **Racism** is inhumane. **Poverty** is inhumane. **War** is inhumane. **Disease** is inhumane. **Crime** is inhumane. **Prejudices** are inhumane. And, when you perform any of those acts, you are feeding **The Belly of The Beast** and **Who Is The Beast?**

{The Beast Is Inhumanity.}

{Make Inhumanity A Thing Of The Past...}

**INHUMANITY
IS
{A} WEAPON
OF
MASS
DESTRUCTION**
